DETAILS

Curriculum vitae

Address	Landøyveien 34, 1394 Nesbry
Phone	45 87 41 39
Email	havardjvd@gmail.com
Nationality	Norwegian
Date of birth	20.12.2002
Place of birth	Bærum
Gender	Male

WORK EXPERIENCE

Software Engineer (part-time) Aug 2026 - present

I work part-time at Ardoq's Team AI, where I further develop existing AI functionality in the application.

Software Engineer Intern Jun 2026 - Aug 2026

I worked as an intern at Ardoq, an IT company that develops a graph-based Enterprise Architecture (EA) application. There, I worked on a team developing experimental entity extraction functionality to help customers import existing data into Ardoq's database.

Sales Associate Nov 2022 - Aug 2026

I worked part-time and during holidays as a sales associate at 4Sound Trondheim, where I primarily sold digital pianos, microphones, mixers, drums, and related equipment to customers in the store.

Invigilator May 2024 - May 2024

I worked as an invigilator for the International Baccalaureate (IB) at Nesbru Upper Secondary School for one week in May 2024.

Cogito NTNU Jan 2024 - Jun 2025

I was a member of the student organisation Cogito NTNU, which focuses on engaging students in artificial intelligence. During the spring of 2024, I participated in a project that implemented technical solutions for several companies throughout the semester, and in 2025 I developed, among other things, an AI pipeline that could automatically generate quiz videos intended for social media.

Mentee Oct 2023 - Feb 2024

I participated in the "Schibsted Connect" mentoring programme at the media company Schibsted. All members, or "mentees," were assigned a mentor within the company to facilitate mutual learning and insight across generations in the workplace. We had regular meetings both digitally and in person when possible.

Customer Service Representative Apr 2022 - Jul 2022

In 2022, I worked as a summer substitute at Telenor customer service. I worked in the technical department Feilfront Mobil, and the job primarily involved receiving calls from Telenor customers regarding coverage problems and faults with equipment and networks, going through possible sources of error together with the customer and resolving the problem, in addition to some sales of Telenor's products and services.

Executive Council

Nov 2020 - Nov 2021

At Nesbru Upper Secondary School, there is a student-based organisation called “Model United Nations.” Its purpose is to simulate conferences with students in the way they take place at the UN in reality. The “Executive Council” is the leadership of this organisation and is responsible for organising and running the conferences. I was elected to it in November 2020 and remained a member until November 2021.

MEP Jessheim

Sep 2019 - Sep 2019

I participated in MEP Jessheim 2019 as a “delegate.” This is a student-organised formal conference that simulates the European Parliament and is conducted in English. Delegates write resolutions intended to solve important global problems, which are then debated in a committee.

Kitchen Assistant

Oct 2018 - Nov 2018

When I attended Landøya Lower Secondary School, we had a student-run café that served lunch. Working there as a kitchen assistant involved preparing dishes such as pasta, salad, and filled baguettes, in addition to washing dishes and performing other cleaning at the end of the day.

Kindergarten Assistant

Nov 2017 - Nov 2017

For one week, I worked at a local kindergarten and helped with daily tasks including tidying up and entertaining the children.

EDUCATION

Aug 2026 - present	Master’s in Artificial Intelligence (specialisation in Cognitive Science) at VU Amsterdam
2023 - 2026	Completed a Bachelor’s in Computer Science at NTNU Bachelor’s thesis: <i>Learning with artificial intelligence — Exploring RAG-agents as pedagogical tools</i> Grade: A Applied RAG techniques and used knowledge graphs to develop and evaluate a chatbot designed to assist students with learning in STEM-fields.
2022 - 2023	Completed one year of Music Technology at NTNU
2019 - 2022	Attended the International Baccalaureate (IB) at Nesbru Upper Secondary School
2016 - 2019	Attended Landøya Lower Secondary School
2014 - 2016	Attended Mellom-Nes School
2009 - 2014	Attended Jansløkka School

SKILLS

Languages	Norwegian (native), English (native level), Japanese (proficient)
